HAND IN HAND WITH ART TO GIVE HOPE TO GÖRKEM EFE!

Dear Artists,

We invite you to a special donation art exhibition to give hope to our beloved Görkem Efe Şengün, who has Duchenne Muscular Dystrophy (DMD).

By participating in our exhibition, which will be opened online on April 23, 2025 in cooperation with Süleyman Demirel University and Isparta University of Applied Sciences, you can ensure that Görkem Efe celebrates this holiday with joy, enthusiasm and hope like other children. April 23rd National Sovereignty and Children's Day is a day of joy and enthusiasm for our country. However, some children are not able to enjoy this holiday to the fullest due to health problems. Görkem Efe is one of them. With the healing power of art, we want to touch the dreams of Görkem Efe and all children and give them hope. Görkem Efe Şengün, in the prime of his life, is struggling with DMD, a rare and progressive muscle disease. This disease causes muscles to weaken and lose their function over time. We need your support so that Görkem Efe can have a better life and receive treatment. Participation in the exhibition we are organizing to support Görkem Efe is free of charge for Turkey, but for you, paying a fee (donation) will be optional. If you want to participate in our exhibition, you can participate without making a donation. If you want to donate, all donations will be used for Görkem Efe's treatment costs and needs. The exhibition participation fee will be deposited into the bank account of the aid campaign initiated with the official permission of Isparta Governorship (32.2004.2537). We sincerely believe in the healing power of art and that you will participate in this act of kindness.

Let's touch Görkem Efe's dreams together and give him hope!
